April 17th 2018

Preliminary investigation and discussion for USMCA 2018

Name & affiliation : Hideomi Gokon, The University of Tokyo

We visited Hyderabad in India from April 12th to 14th for preliminary investigation and discussion for USMCA 2018. Not only having a discussion on logistics in organizing the conference, but also the site visits to L&T Hyderabad Metro Railway company has been done. We found that the preparation by The Indian Institute of Information Technology is very well, and their hospitality was perfect. We are really looking forward to the USMCA 2018.
